Holiday GIFT GUIDE

For Mobile Home Owners
By Mobile Home Owners

Happy Holidays!

There are a ton of gift guides released every holiday season but I doubt any were created with mobile and manufactured home owners in mind.

There is everything from air-fryers to wall decor in here. To be honest, only a few products are specifically for mobile homes. Most of these products are great gift ideas for anyone.

I've only shared items that I own myself or I'd like to own and most products are well under \$100.

Of all the products shown, the air-fryer is my favorite. I wish I would have bought one ages ago. We don't eat out half as much anymore. The books are also favorites (I think you'll especially like the book about Lullabelle on the last page).

Just click on the product name to buy or learn more about it. Most of the links in this gift guide are affiliate links so we'll get around 2-4% of the sales price if you buy anything (it doesn't cost you any extra). My daughter was just accepted to Spartanburg Methodist College and I am not prepared for private school tuition (but I'm not prepared for public school tuition either so I suppose that's a moot point - I just wanted to brag on my daughter.....lol).

As always, thank you so much for reading Mobile Home Living!

I hope you have a Merry Christmas, a great holiday, and a happy new year.

Handy to Have

BLACK+DECKER 20V MAX Cordless Drill with 30-Piece Accessories, \$56.99

A cordless drill/driver is a must-have for any homeowner. The Black and Decker drill is fine for most home repair projects but you'll want a better set for big jobs.

Bucket Tool Organizer in Brown, \$16.63

While not exactly a tool it's a great addition to any home. Just trust me on this one! We've been using bucket organizers for a few years now. They do tend to rip after a couple of months of everyday use but it should be fine for homeowners. These are also great for cleaning and gardening supplies and kid's toys.

12.5 FT Aluminum Telescoping Ladder, \$119.99

This ladder goes from 2.6ft to 12.5ft. The best part? It doesn't need a lot of storage space. This one has a spring loaded locking mechanism.

I'm a little hesitant to recommend this ladder for contractors because things wear out quickly when they're used everyday. For homeowners and the occasional use, I don't think that would be a problem.

Multifunctional Tools

44PCS 3.6V/4V Cordless Screwdriver Tool Kit, \$39.99

These tools aren't for big jobs but they are handy to have for small things like hanging a picture or tightening your cabinet pulls. For large home repair or improvement projects you'll want a better set but this will be fine for the occasional use.

RoverTac Multitool 14 in 1 Hatchet, \$25.99

Th14 tools in one! You probably can't chop a big tree down with this multitool hatchet, but you can chop up kindling with it. Could be a neat little protection buddy too.

Magnetic Wrist Strap, \$8.99

I assumed everything would fall off of these wristbands when I first saw them. But then I tried one. Spend the extra money to get the good ones with lots of magnets. I'm mad at myself for not trying them sooner.

Easy Electronics

Leviton DW6HD-1BZ Decora Smart Wi-Fi 600W Universal LED/Incandescent Dimmer, \$35.98

Why doesn't manufactured homes have ceiling lights in the bedroom? And who chooses which outlet the switch controls cause it's never the one I need...this solves both issues.

Air-Fryers are Awesome, \$98.98

An airfryer has been a total game changer in our home.

We can eat exactly what and when we want. We use ours about 4 times a week and the food is delicious.

Instant Pot Duo Plus Mini 9-in-1 Electric Pressure Cooker, \$79.99

To be honest, I only use our Instant Pot for soups. The pressure release valve makes me nervous but I've never been comfortable in a kitchen anyway. I see a lot of potential, I'm just not a cook.

Functional and Affordable

Rubber Boot Tray, \$10.43

Another item I wish I would have found sooner. Good \$10 spent.

Contour Shape Duplicator, \$24.99

These are super handy when installing trim or subflooring.

Laser Level Line Tool, \$9.95

Every home should have a level to check washing machines, dryers, and dish washers are level for optimal function.

LED Lighted Beanie, \$9.34

Keep warmer and see better. What's not to love?

Weekend Work Tools

These cool tools aren't must-haves but they are handy to have when you need them.

2850 PSI Electric Pressure Washer, High Pressure Washer, Professional Washer Cleaner Machine with 5 Nozzles, 1800W, 1.70 GPM, Hose, \$135.99

This is an Amazon's choice product with decent reviews. Based on some negative reviews, this machine is smaller than it looks. However, you can pack a lot of punch in a small size. Smaller is a plus in my book because moving it around takes less effort.

12 pack

**Kreg K4MS Jig Master System,

I wish I had one of these. That is all.

More Nautical Niceties

Coral Repeat Plates- Set of Four, \$104.00

Personalize this set of melamine plates with a custom name, initial, monogram, or phrase for a personal touch!

Oval Bulkhead Light, \$132

The Oval Brass Bulkhead Light is a versatile light fixture that is rugged enough for exterior use, but rich looking enough for the main salon.

Sand Dollar Vintage Beach Sign, \$29

Sand Dollar Vintage Beach Sign. Image printed directly to a distressed looking wood panel that has knots and other imperfections in it.

Just for Mobile Homes

These aren't common gifts but they would probably be appreciated if your favorite mobile home owner was updating their home.

Jen Weld 28" x 80" Interior Door, \$106.93

This may be an odd gift but if your favorite mobile home owner needs a new bedroom door it's perfect. It's amazing what a new door and new paint can do for a room.

Kinro 24" x 27" White Vinyl Vertical Sliding Window

A window could be a great gift for someone that needs it. One of my favorite gifts ever was a new hood vent for our 1978 Homette.

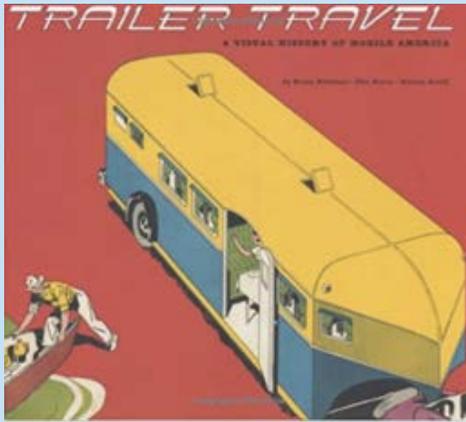

Empire Ultra 8" Chrome Tub Faucet, \$21.99

Just updating from a plastic to a chrome faucet makes a big impact in a small bathroom.

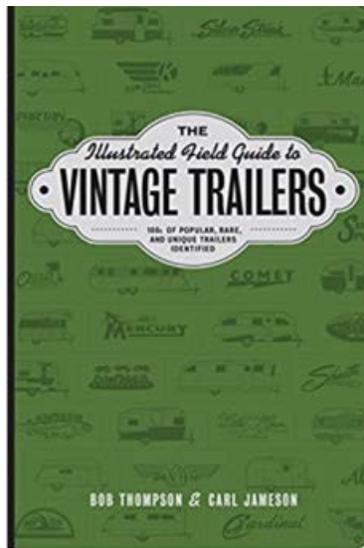

Books We Love

Trailer Travel: A Visual History of Mobile America, \$9.35

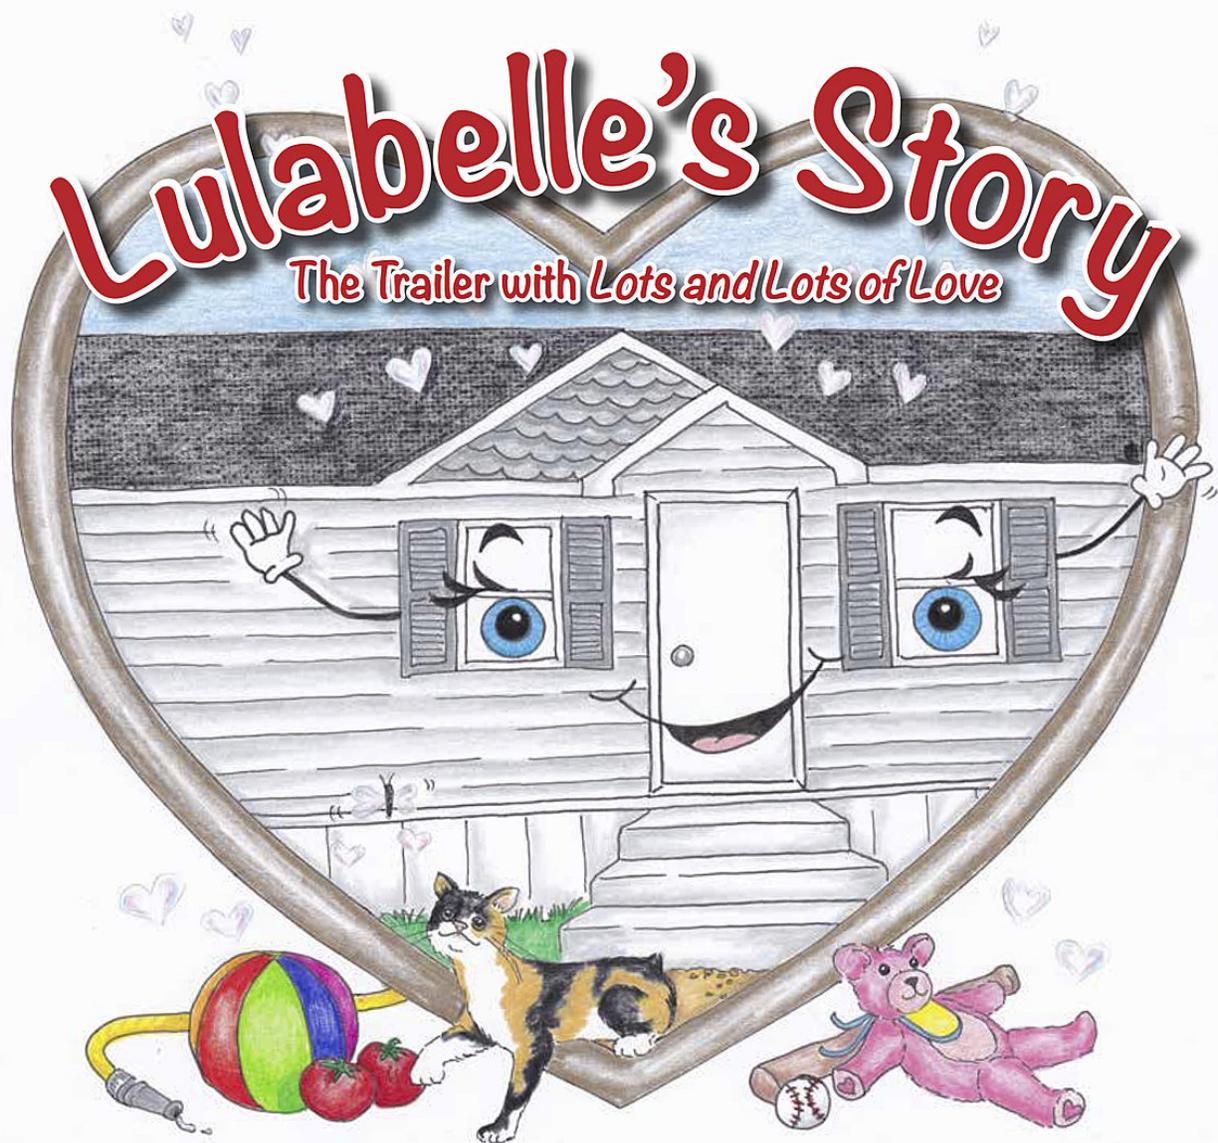

This is one of my all time favorite books. It's got loads of photos and full-color graphics. Go ahead and buy two cause you're gonna want to keep one for yourself. A steal at this price too!

The Illustrated Field Guide to Vintage Trailers, \$23.40

This is an impressive book that must have taken a lot of time to create. The illustrations are spot-on and the information is awesome because it's packed with awesome vintage trailers (more camper trailers than mobile homes). Must have for anyone that enjoys vintage campers and trailers.

Lulabelle's Story: The trailer with Lots and Lots of Love, \$10

Written by Karen Harper Lain

Illustrated by Mona Larkins

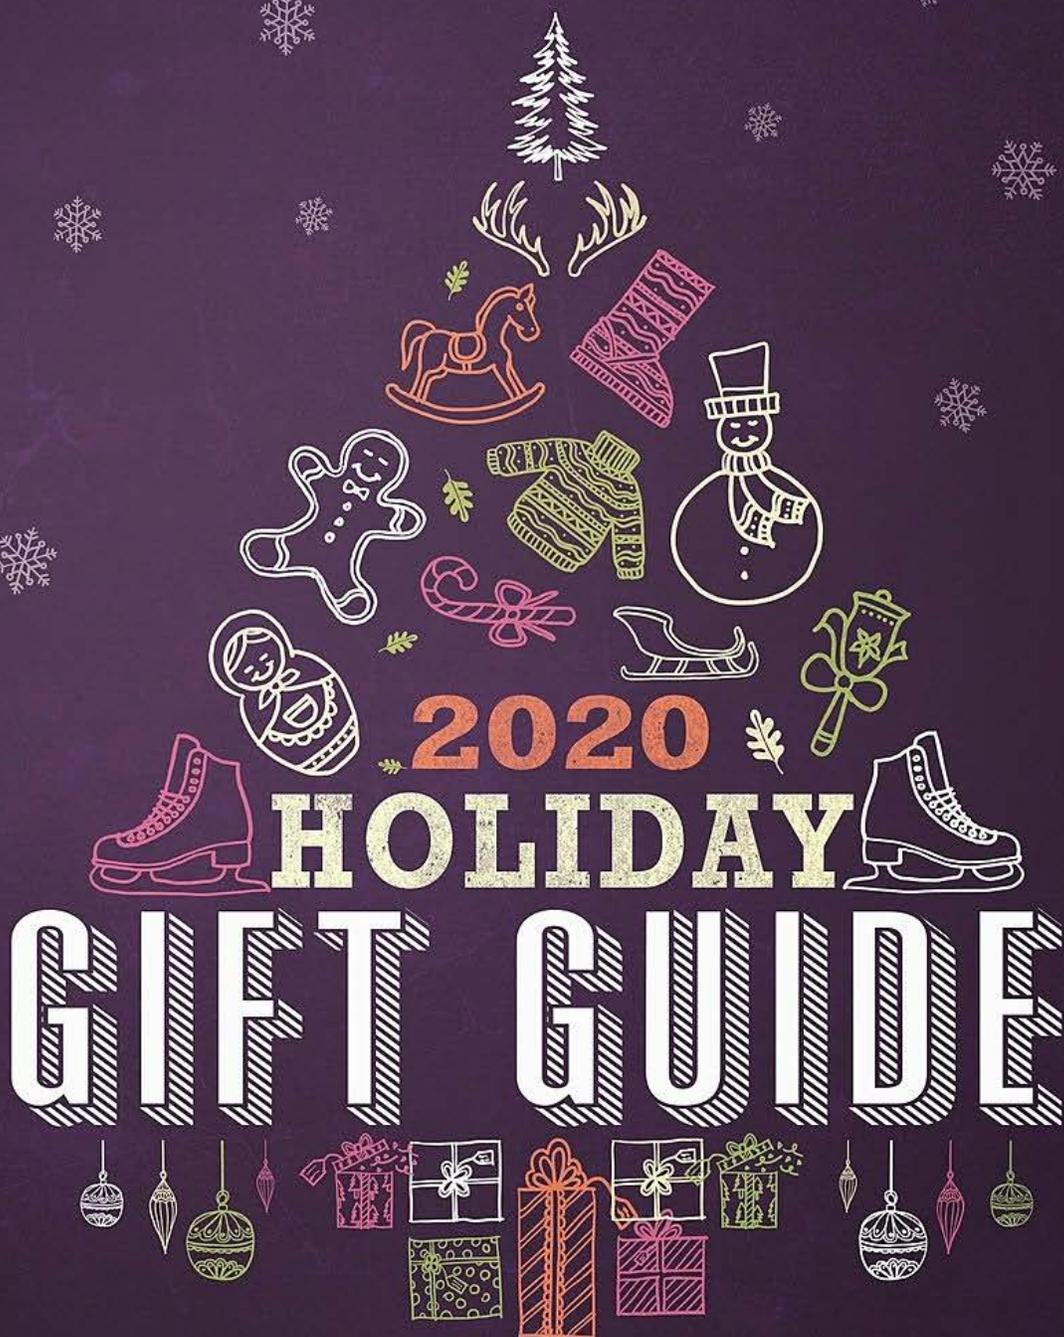

If you have a child or know of one that lives in a mobile home you'll want to get this book.

Growing up is hard and it can get even harder when you live in a mobile home. This book deals with those feelings and has so many other great messages: love, adoption, patriotism, acceptance, and family are just the beginning. I love this book and I think you will too.
